

NEWS YOU CAN USE

Doc: 862-01032017

Date: January 3, 2017

To: Textron Aviation Authorized Service Facilities and Customers

Subject: ProAdvantage and Warranty Updates

This NEWS YOU CAN USE is being issued as a reminder and update on Warranty and Program coverage items.

Pro Advantage:

- Minor engine items (fuel filters, igniters, exciters, oil filters, oil) are not covered under ProParts. (including the PT6A-100HRBEECH KT)
- Labor for engine removal/installation related to scheduled and unscheduled maintenance, labor for consumables servicing labor is covered under ProTech.
- Engine coverage (PowerAdvantage for TurboProps and PowerAdvantage+ for TurboProps) includes: parts/consumables/engine labor for Hot Section Inspections (HSI), Overhaul and Basic Unplanned Engine Removal (BUER); consumables for field level maintenance (worn igniter tip, oil filters, fuel filters); field level routine or periodic maintenance and inspections applicable from inspection tables in Engine Maintenance Manuals (and etc.) for items such as filters, o'rings, gaskets, igniters, etc.

Warranty & Service Bulletins:

- Reminder on Williams Service Bulletin Claims, the *Certification of Compliance* must be sent in with the claim.

If you have questions, please contact your claims administrator or email warranty@txtav.com
or call 316.517.4658 for assistance.
